For Consumer Accounts Only (An Account Established Primarily For Personal, Family Or Household Purposes):

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS

Electronic transfers (called transfers below) mean (a) deposits, withdrawals, or payments made at an ATM or store terminal, (b) bill payer transfers, (c) all other electronic transfers (e.g. payroll deposits, Social Security deposits, insurance payments, etc.).

If you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt, TELEPHONE US OR WRITE US AS SOON AS YOU CAN – USE THE TELEPHONE NUMBER OR ADDRESS ON THE FRONT OF THIS STATEMENT.

We must hear from you no later than 60 days after we sent you the FIRST statement on which the error or problem appeared.

- 1) Tell us your name and account number.
- 2) Describe the error or the transfer you are unsure about and explain as clearly as you can why you believe it is an error or why you need more information.
- 3) Tell us the dollar amount of the suspected error.

We will investigate your complaint and will correct any error promptly. If we take more than 10 business days to do this, we will credit your account for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation.

For Domestic Commercial/Business Accounts and International Customers Only:

HOW WE CALCULATE FINANCE CHARGES RESULTING FROM DISCRETIONARY PAYMENT OF OVERDRAFTS

If any overdrafts are incurred in your account during a statement period that are approved for payment at our sole discretion, that overdraft amount will be subject to a Finance Charge based on the Annual Percentage Rate, which is disclosed on the Commercial/Business Accounts and International Customers Schedule of Fees. The Finance Charge shown on the front of your statement is computed as follows:

- 1) The overdraft portion of your balance, which includes previous finance charges, is added on each day of the statement cycle, after all payments, advances and any cash adjustments have been posted.
- 2) This total is then divided by the number of days in the statement cycle to arrive at the average daily balance.
- 3) The average daily balance is then multiplied by the daily periodic rate (1/365th of the Annual Percentage Rate, except for business accounts, which is based on 1/360th.)
- 4) This amount is then multiplied by the number of days in the statement cycle to arrive at the FINANCE CHARGE.

For Customers with Basic Banking Accounts Only:

You are allowed a maximum of twelve (12) withdrawals during each statement cycle (approximately a 30 day period) without the imposition of an Excessive Withdrawal Service Fee. An Excessive Withdrawal Service Fee will be imposed if you make more than twelve (12) withdrawals during any periodic statement cycle. For more information on Excessive Withdrawals Service Fee, please refer to the "Basic Banking Account - Basic Terms and Conditions" disclosure provided to you at account opening or speak with your Account Officer.

We will not charge you for any withdrawal you make using IDB Bank ATMs. Other fees might be charged at non-propriety ATMs by the providing bank in the amount posted at the respective ATM. If your linked account does not have sufficient funds to cover your withdrawal transaction, the transaction will not be authorized.

A withdrawal will be deemed to be made when recorded on the books of IDB Bank, which is not necessarily the date that you initiated the transaction.

For Customers with Global Wealth Management Accounts Only:

INVESTMENT PROCESS

The asset allocation process develops both long-term (strategic) and shorter-term (tactical) recommendations. The strategic returns are developed using five-year risk, return and correlation projections to generate the highest expected return for a given level of risk. The objective of the tactical recommendations is to highlight investment opportunities during the next 12 months where the Investment Policy Committee sees either increased opportunity or risk.

The asset allocation recommendations are developed through the Tactical Asset Allocation, Capital Markets Assumptions and Investment Policy.

Important Information: *There are risks involved in investing including possible loss of principal. There is no guarantee that the investment objectives of any fund or strategy will be met. Risk controls and models do not promise any level of performance or guarantee against loss of principal.*

Past performance is no guarantee of future results. Index performance returns do not reflect any management fees, transaction costs or expenses. It is not possible to invest directly in any index. Returns of the indexes do not typically reflect the deduction of investment management fees, trading costs or other expenses. Indexes are the property of their respective owners, all rights reserved.

Investment involves risks. International investing involves additional risks, including risks related to foreign currency, limited liquidity, less government regulation and the possibility of substantial volatility due to adverse political, economic or other developments.
